This is to certify that Samuel veynolds of Oswego New York, hus put into my init, known as the Cox Mill near this place, one of his Concentral Pressure Water Wheels I his one tool in diameter and take the place of a 25 feet Overshot Wheel. With the Overshot Wheel I can grind seven and one half lushels o wheat to the hour with a fall head of water, and will his (Reynolds Wheel) to-day attached to soon tarrs which are 30 inches in dlameter, I ground ten and nine tenth bushels of wheat to the hour, and the water user to run, it filled the buckets on the Overshot Wheel two third full.

o find, it miled the buckets on the overshot of the hird full.

Mr. Reynolds put the Wheel in with the understanding that it it dad not grind as much as the Overshot with the same water he was to lake it out and charge nothing for his trouble.

I am satisfied that it will grind one third more to the hour than the Overshot Wheel.

I have been acquainted with Mr. Reynolds about six months and will guarantee that his Wheels will give more power than he claims for them. It therefore commend him to the public.

Messrs. Talleot & Underhill, Oswego, W. Y.
Gentlemen: I take pleasure in saying to you that the
Water Wheel, (four feet in diameter double issued),
purchased of Mr. Samuel Reynolds, the inventor, is
now in operation and is giving one entire satisfaction,
coming fully up to what it was recommended to do.—
My first trial with it was at a very low stage of water,
only three and a half feet head. It gave tull power, for
one run 42 inch Burrs, Bolts, Smith Mill, &c., with the
gate % open. When the water rose so as to give me

full work, so that under the full head (six feet) I have a surphis of power.

I have run in backwater to the depth of four feet with no perceivable loss of power. This Wheet is put in place of a thritten feet dramater Brenst Wheel, and gives fully double the power with about the same amount of water that It did. I therefore take pleasure to paying you for it, believing that I now have a wheel that will last me 20, perhaps 50 years.

Signed. Very truly yours.

eady at all times to give testimonials to its tey in all cases of stomachie derangements the diseases resulting therefrom. his is not a temporary popularity, obtained extraordinary efforts in the way of truming the qualities of the Bitters, but a solid imation of an invaluable medicine, which is stined to be as enduring as time itself. Hostetter's Stomneh Bitters have proved Godsend to regious where fever and ague ad various other hilious complaints have

counted their victims by hundreds. able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and mparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the etomach, liver, and other digestive organs mildly hut powerfully, and soou restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the henefit of using this preparation while suffering from stomach de rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme nuxiety for her jufant. Should the period of materuity rrive during the summer season, the wear o ody and mind is generally aggravated. Here hen, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trial-and responsibilities. Nursing mothers generally prefer the Bitters to all other invigora tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase or bodily strength

All those persons, to whom we have particu larly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhou, lysentery, tadigestion, loss of appetite, and all diseases or derangements of the stomach, superannunted invalids, persons of sedentary ccupation, and nursing mothers, will consultheir own physical welfare by giving to Hostetter's Celebrated Stomach Bilters a trial.

CAUTION .- We eaution the public against using any of the many imitations or counter teits, but ask for Hostetten's Celebrates STOMACH BITTERS, and see that each bottle has the words "Dr. J. An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen, of high medical authority and extraordinary efficacy in each of the cllowing complaints, viz. :

DEBLITY, RERVOUS AFFECTIONS, EMA CLATION, DYSPEPSIA, DIARRHEA, CONSTI-PATION, SCROFULA, SALT PHEUM, SCURVY, JAUNDICE, LIVEB COMPLAINTS RHEUMA. TISM, MERCURIAL CONSEQUENCES, INTER-MITTENT FEVERS, NEURALGIA, CHRONIC HEADACHES, FEMALE WEAKNESS, MIS-MENSTRUATION, WHITES, CHLOROSIS, etc., PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the hody can escape their truly wonderful influence.

The experience of thousands daily proves that an preparation of Iron can for a moment be compared with it. Imparities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in al-most every conceivable case. In all cases of female debility (fluor alhas, chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, com-plete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. As a grand stomachic and general restorative it has no superior and no substitute.
